The GR Capitol Report

Governmental Relations 573/522-9284

IGNITION INTERLOCK DEVICE SAILS THROUGH THE HOUSE: On April 24, the House of Representatives gave approval to HCS HB 1423. The bill specifies that anyone who has had his or her license and driving privilege suspended or revoked for a second or subsequent alcohol-related traffic offense cannot obtain a restricted driving privilege until the person has completed 30 days of a suspension and has filed proof with the Director of the Department of Revenue that his or her motor vehicle is equipped with a functioning, certified ignition interlock device.

The ignition interlock device must be maintained on all motor vehicles operated by the person for a period of at least six months following the date of reinstatement. If the person fails to maintain the proof of having an ignition interlock device, the restricted driving privilege will be terminated and the person will be guilty of a class A misdemeanor. Any person who has had his or her driving privilege revoked must also file proof of financial responsibility prior to reinstatement.

During floor debate, one amendment was added that specifies all driving while intoxicated traffic offenses issued by the state, county and city law enforcement, be of equal (penalty) violation of the state's DWI laws. Rep. Ryan Silvey (R-Kansas City) introduced this amendment, which passed by a vote of 137 to 5.

The bill now goes to the Senate for additional review and debate.

AMENDMENT WOULD HALT THE COLLECTION OF THE STATE FUEL TAX: Rep. Jim Lembke (R- St. Louis) has drafted an amendment that would stop the collection of taxes on gasoline or diesel fuel during the period of May 24, 2008 to September 2, 2008.

A mechanism is included in the amendment to have the loss of revenues made up with funds from the state's general revenue account. One of several concerns with this amendment is the disturbance this change in the funding stream could have on the department's ability to issue future bond debt.

MoDOT opposes this three-month "Fuel Tax Holiday". Fuel taxes collected for this time period is estimate to be about \$137 million.

While this amendment has not yet been added to a specific bill, it looms within the House chambers waiting for a legislative proposal to be added to.

SOVEREIGN IMMUNITY LEGISLATION: On April 23, HB 2590, sponsored by Rep. Danie Moore (R-Fulton) was debated on the House floor. This bill specifies that the terms “public employees” and “employee of the public entity” not include offenders in the custody of the Department of Corrections or prisoners in the custody of a county or municipal jail for the purpose of state sovereign immunity protection.

This legislation was introduced after the Missouri Supreme Court issued the Dec. 4, 2007 opinion in *Cain v Missouri Highways and Transportation Commission*. Cain was an inmate who participated in a work release program for the department and was injured when a tree that she and the inmates on her crew negligently cut down. The Supreme Court held the inmate who attempted to cut down the tree was a “public employee” of the department, which qualified Cain for recovery of her damages under the state’s sovereign immunity law.

With no floor debate, the House passed the bill on April 24 by a vote of 135 to 0.

HB 2590 now goes to the Senate for additional consideration.

NON-CONTROVERSIAL AVIATION BILL BECOMES OMNIBUS

TRANSPORTATION BILL IN THE HOUSE: On April 21, the House Transportation Committee voted to approve SCS SB 930 & 947. The bill, as originally drafted and approved by the Senate, removed the cap on the aviation trust fund providing additional money to promote regional air service. However, during an executive session of the committee the bill was amended with the following:

- Authorizes the Missouri Highways and Transportation Commission (MHTC) to participate in the new federal commercial motor vehicle registration plan, “Unified Carrier Registration,” allowing MoDOT to retain approximately \$2.3 million;
- Authorizes the MHTC to accept bids and bid bonds electronically;
- Authorizes the MHTC to accept annual bid bonds;
- Designates a portion of Route WW in Boone County, beginning with its intersection with U.S. Highway 63 and proceeding east to South Olivet Road, as the “Carl Edwards Drive;”
- Designates a portion of Interstate 44 from mile marker 280 to mile marker 282 in St. Louis County as the “Police Officer Robert Stanze Memorial Highway;”
- Exempts permanent nonexpiring license plates that are issued to certain commercial motor vehicles and trailers from the new plate design and reissuance requirements that take effect on January 1, 2009;
- Restricts trucks with a gross weight in excess of 48,000 pounds from driving in the far left-hand lane upon all interstate highways, freeways, or expressways within urbanized areas of the state having three or more lanes of traffic proceeding in the same direction. Last year a law went into effect that included this lane restriction for a portion of Interstate 70 in St. Charles County only;
- Allows a weight increase of no more than 400 pounds on any vehicle or combination of vehicles equipped with idle reduction technology;
- Establishes travel safe zones and doubles the fine for a traffic violation made within a designated travel safe zone;

There are currently three omnibus transportation bills being distributed among the members of the general assembly. At this time, SCS SB 930 & 947 appears to be the lesser of the controversial omnibus proposals.

HOUSE AND SENATE CONFER ON DIFFERENCES IN MODOT APPROPRIATION

BILLS: On April 23 and April 24, ten House and Senate conferees met to work out the differences for the fiscal year 2009 budget bills. HB 2004, which contains the majority of MoDOT's budget had the following differences to negotiate:

- Money for Amtrak – The House Budget Committee cut Amtrak funding providing only \$3.4 million from general revenue. This cut would mean that only one train would be able to operate between St. Louis and Kansas City. The Senate takes the position that Amtrak should be funded with \$6.3 million from general revenue and maintain two trains a day. Conferees in support of Amtrak stated that a reduction in service will destroy the service. They further stated this is a bad time to cut the appropriation particularly when there is the chance of a federal grant being available and with the increasing gas prices. The item was left open for further discussion and negotiation;
- Blood Alcohol Content Program – The House voted for a 3 percent cut from the Governor's recommendation of \$81,912. The conferees adopted the House position of \$81,416 general revenue for this program;
- Missouri Elderly and Handicapped Transportation Assistance Program (MEHTAP) – The House recommended \$500,000 from general revenue. The Senate recommended \$0 from general revenue. The conferees adopted the Senate position refusing any monies from general revenue to support the MEHTAP program.
- The discussion of a 3 percent payraise versus a flat dollar amount of \$1,056 for state employees has been left open for continued discussion.
- Interoperability - the Senate has agreed to go with the House's lesser amount of \$2.3 million (in highway funds) for FY 2009. The Senate originally wanted \$5.1 million. Both amounts are over the amount agreed to with the highway patrol of \$1.3 million. The bill, while still in conference, also takes about \$500,000 from the Department of Conservation for this radio interoperability concept.

All appropriations bills must be finalized by May 9.

FERRYBOAT AT CHAMOIS ON THE MISSOURI RIVER RESOLUTION VOTED

OUT OF SENATE: On April 23, the Senate voted to approve SCR 31 by a vote of 30 to 1. The resolution is sponsored by Sen. Frank Barnitz (D-Lake Spring) and shows support for putting in a ferryboat on the Missouri River at Chamois.

The resolution now goes to the House for consideration.

LEGISLATIVE MATRIX: Attached is Governmental Relations weekly updated matrix, which shows some of the more important transportation bills that the department is tracking. If you should have any questions about these or any other pending legislative proposals, contact GR at 573.522.9284.

DATES OF INTEREST:

- May 9 – Appropriations Bills must be Truly Agreed to and Finally Passed
- May 16 – Last day of the 2008 legislative session
- June 30 – 2008 Fiscal Year Ends
- July 1 – 2009 Fiscal Year Begins
- July 14 – Last day the Governor can veto bills
- August – 28 – Effective date of bills, which do not have an emergency clause, or effective date
